Personal Profile

I am a UAE-born British-Mexican computer science student looking to expand my professional experience. I strive to be versatile and adaptable both personally and professionally.

Education

Computer Science | ITESM, Campus Santa Fe

August 2015 - Present

Mexico City, Mexico

Predicted graduation: May 2020

Experience

IT Assistant | Ermenegildo Zegna

February 2019 - Present

Mexico City, Mexico

A part-time internship in which I:

- Provided support for the maintenance and use of software and hardware.
- Developed a system for taking inventory involving mobile applications, significantly reducing shop down-time.
- Launched a system for identifying missing items in wholesale.
- Negotiated and procured hardware and digital services.

Systems developer | CEMEX Research Group Switzerland

July 2017 - August 2018

Biel/Bienne, Switzerland

A full-time internship in which I:

- Automated the generation of licensing agreements, cutting the time taken to create them from several days to a few minutes.
- Improved and replaced old systems created by third parties such as systems for purchase order requests and project tracking.
- Created didactic material (graphics and animations).
- Unified existing digital tools on to a single platform (SharePoint).

Other experience

Banjo Teacher | Freelance

September 2015 - Present

Mexico City, Mexico

Teaching banjo to people of all ages.

Interpreter | Universo Educativo

October 2016 - March 2019

Mexico City, Mexico

Aiding communication between English and Spanish speakers at marketing events.

Skills

Programming languages and skills: C/C++ , Visual Basic, HTML/CSS/JavaScript, VBA

Familiar with: MATLAB, Java (including Android development), C# (.NET), Python

Languages: English (native), Spanish (fluent), French (basic)

Hobbies: Playing guitar/banjo, woodworking, graphic design

Awards

P&G Geneva Hackathon 1st Place | P&G Geneva | November 2017

Best Event Award (awarded for the Adogtame 2017) | ITESM Student Federation | May 2017

- My group collected five tonnes of pet food for charity and achieved almost 100 dog adoptions during this one-day event.

"Designing Beyond The Curve" Award (for graphic design) | Repentino Literary Magazine | May 2014

Classical Guitar Grade 2 | The Associated Board of the Royal Schools of Music | 2008
